WELCOME

to Bella East, a place that brings the concept of home to Galala Resort. The idea of your first home being far away is a thing of the past. Our aim is to create a place that serves your every need and makes life easier for everyone who calls it home in the Eastern part of Galala Resort

Depending on the mutual dialogue between our customers and our development plans, we offer high-resolution and above-the-horizon living experiences directly on the seashore at Bella East, in addition to the location that provides easy access to the vibrant hotspots of the Galala Resort, only steps away from your doorstep

The easy-going pattern we are introducing is perfectly complemented by the stunning views of the sea at Bella East. It's more than just a place to live; it's a lifestyle.

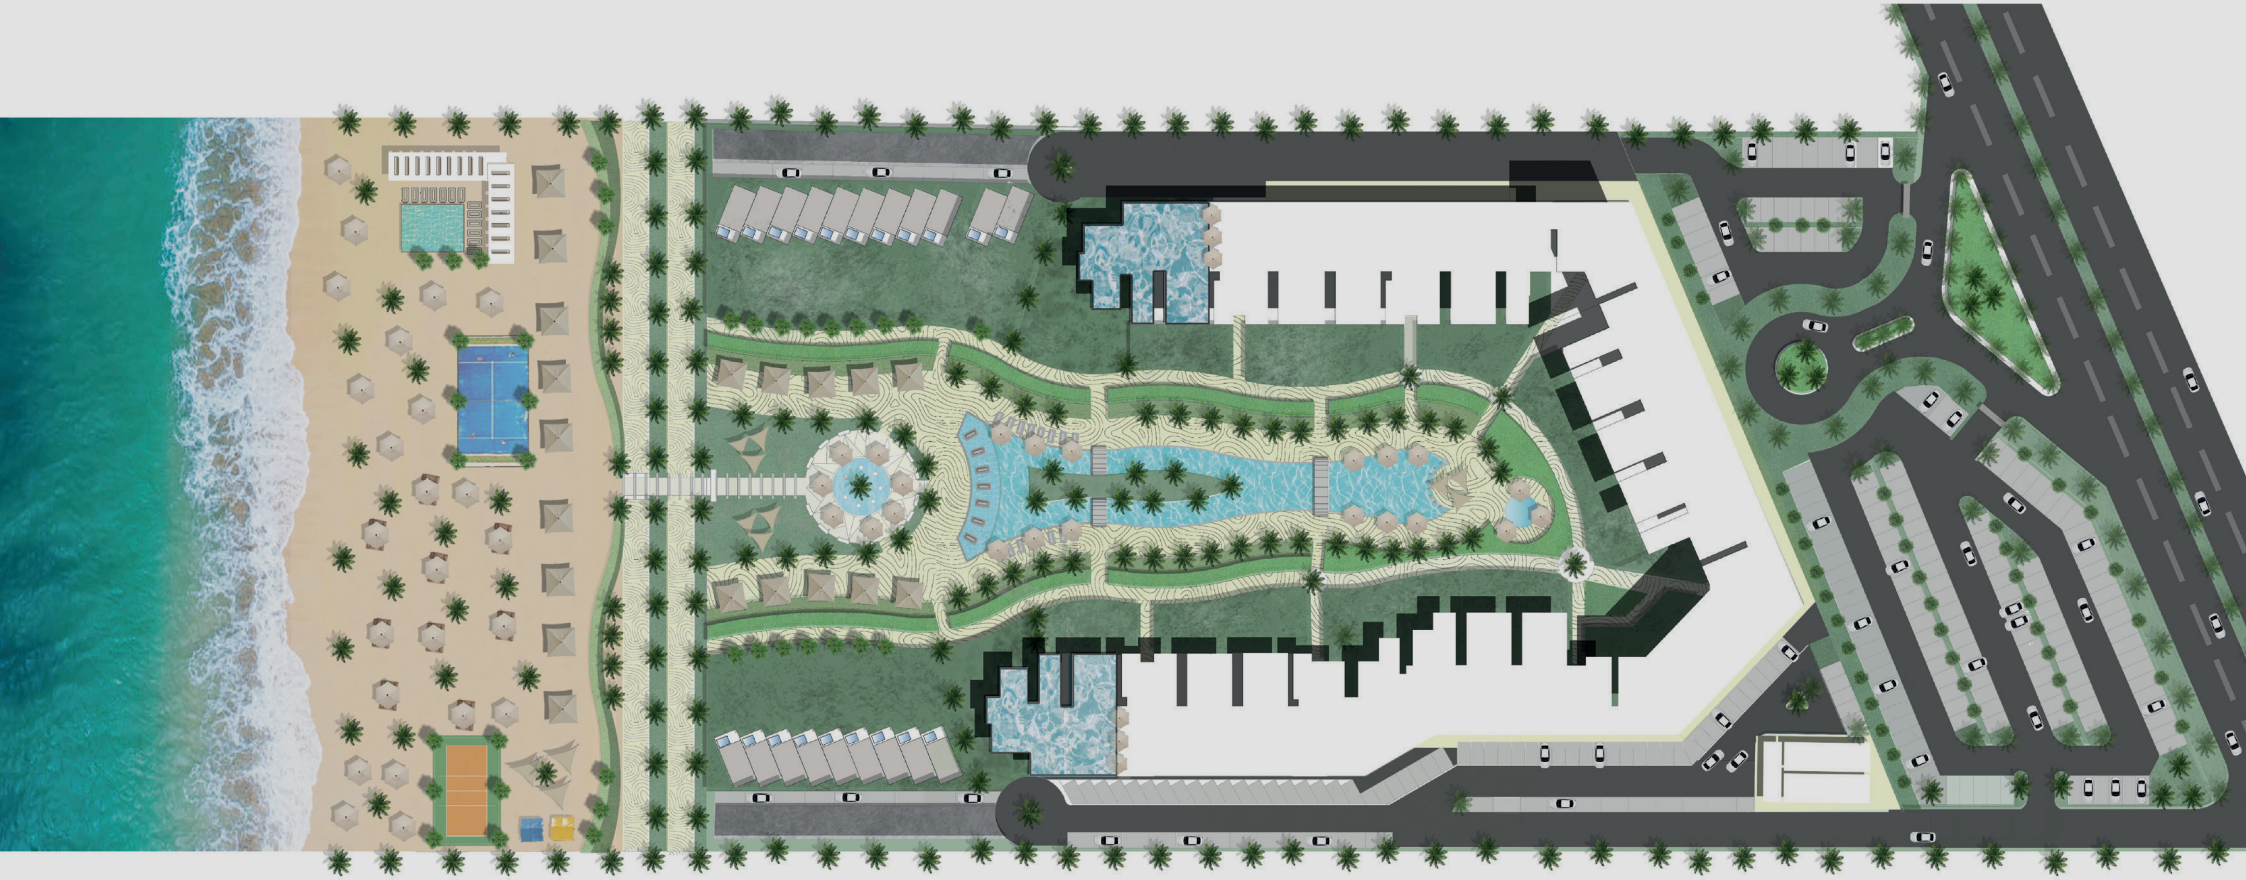

The harmony of comfort and luxury in a setting that truly makes life easier

We have incorporated a state-of-the-art sports complex along the beach, magnificent infinity pools that blend with the surrounding landscape, and a world of entertainment, dining, and leisure activities just a stone's throw away from your spot.
